THE HOME OF REAL ENTERTAINMENT

FRIDAY and SATURDAY—

"The Cohens and Kellys in Atlantic City"

— FEATURING —

Vera Gordon — George Sidney — Kate Price

Lovers of a riotous comedy farce based on an excellent romance will enjoy this picture. You have seen "The Cohens and Kellys in Paris," now see "The Cohens and Kellys in Atlantic City." It's a new KOHEN-KELLY-KOMEDY

That's a Waw! Don't Miss It!

NEXT WEEK'S PICTURES

Fred Thomson

— IN —

'The Sunset Legion'

You'll grip your seats with excitement when you see this picture and the wonder pair in action—Fred Thomson and "Silver King," the Wonder Horse of the Screen.

WATCH FOR

"Buck Privates"

WITH

Lya da Putti and Malcolm McGregor

Yes, sir, privately speaking, this is a picture that will delight every lady. It's different! Not a war picture, but a picture in which our recent warriors figure large, wide and handsome while sojourning temporarily in the land of beer, frauleins and eau de cologne. You'll laugh, you'll howl, you'll roar when you see it.

For a Good Laugh and Thrill, Orpheum is the place to go—and don't forget your family or your sweetheart

DEATH OF "DAVIE" MEFFAN

The death occurred on Saturday morning last of David Law, only son of Mr. and Mrs. George Meffan, at the age of six and a half years.

The little lad had been ill for a considerable time with a weak heart, and the end was not unexpected.

Funeral took place on Monday afternoon, service being held at the United church, conducted by the Rev. J. W. Smith, B.D.

Floral offerings were many and beautiful and included the following: Mr. and Mrs. E. Elliott, Kimberley; Mrs. Fleming and Pupils of Grade I, Blairmore Public School; Cosmopolitan Hotel, Mr. and Mrs. C. J. Tompkins, Mr. and Mrs. J. E. Gillis, Mr. and Mrs. S. Dorezo, Mr. and Mrs. W. Howe and family, Mr. and Mrs. D. A. Howe and family, Mr. and Mrs. K. G. Craig and family, Mr. and Mrs. W. Lord and family, Mr. and Mrs. Tom Burns, Blairmore United Sunday School, Mrs. S. McKay and family, Mr. and Mrs. David Kemp and family, Mr. and Mrs. A. J. Kelly, Mr. and Mrs. Joe Wolstenholme and Mrs. Fraser, Mr. Walter Fisher and Miss Edna, Mr. and Mrs. T. Murphy and Jimmy, Mr. and Mrs. P. McPherson and family, Mrs. Pinkney (senior) and Roland, Theresa Dorezo, Mr. and Mrs. William Harrison, Mr. Joseph Kidd, Mr. R. Mills, Mr. and Mrs. H. H. Griebach, Alice Minnie, Dorothy and Lorraine Olivier, Mr. and Mrs. Glendinning (Coleman), Betty Smister, Mr. and Mrs. F. McLaren, Mr. and Mrs. J. Chaput, Mr. and Mrs. John Shafer, David Ferguson (a school mate), Mr. and Mrs. F. M. Thompson and family, Mr. and Mrs. J. R. Gresham, Mr. and Mrs. Harold Pinkney and Thelma, the Meffan and Gray families, Mr. and Mrs. Mark Sartoris, Officers and Members of Rocky Mountain Lodge No. 86, A. F. & A. M.; Blairmore Lodge No. 15, B. P. O. E.; Officers and Members of Greenhill Temple No. 10, Pythian Sisters; Members of Blairmore Branch No. 7, Canadian Legion, B. E. S. L.; Dr. and Mrs. J. Olivier, Mr. and Mrs. J. A. Kerr and family.

The entire community joins in sympathy with Mr. and Mrs. Meffan and relatives in the severe loss they have been called upon to bear.

Mr. and Mrs. Meffan desire through The Enterprise to thank all who assisted in numerous ways during David's illness, and the hosts of others for various tokens of sympathy. Particularly do they thank Dr. Olivier, Nurse Riggs and Lillian, of the hospital staff, for kind services rendered.

SUDDEN DEATH OF HARVEY EDDY

Harvey, second son of Mr. J. W. Eddy, of Beaver Mines, passed away suddenly at the miners hospital here on Monday afternoon, following an operation upon the neck.

Harvey had been engaged with his father working around the farm, and on Friday last contracted a chill through becoming wet in a rainstorm. Later he contracted what was believed to be tonsillitis or quinsy and treated himself for same until Sunday night, when his condition appeared to be growing critical. He was rushed to Blairmore, but could not be operated upon that night, owing to high temperature. Shortly after the operation on Monday he passed away.

Harvey was a strong and industrious lad and was very well known throughout the entire foothills district. He was but nineteen years of age and is survived by his father and several brothers and sisters, residing at the ranch.

The funeral took place from Blairmore on Wednesday afternoon, the remains being laid to rest beside those of his mother in the Livingstone cemetery.

With the bereaved relatives we join in sympathy.

SOUTH FORK LAD

IS LIGHTNING VICTIM

Steve Kovach, a lad of twenty-one years of age, came to his death on Saturday evening last near the ranch home on the South Fork through being struck by a lightning bolt.

Steve had been out visiting friends on a neighboring farm. During his stay there a heavy rain storm raged, accompanied by violent thunder and lightning. Waiting for the storm to abate, without avail, he started for home in the late evening. Nothing was known of his fate till the probable body was found in the trail about noon on Sunday by relatives.

The remains were brought to Blairmore and interment took place at Coleman yesterday.

Steve's mother died at the ranch last year, shortly after the family had moved there from Coleman. He is survived by his father and a number of brothers and sisters, one of the latter, Annie, residing at Blackie, Alberta.

DEATH OF PETER PATTERSON

Word was received on Saturday morning of the death of Peter Patterson, former resident of Blairmore, which occurred at Rossland, B.C., after several years' illness.

Mr. Patterson was a native of Nova Scotia, coming to Alberta about twenty years ago, making his home in Blairmore, where the entire family was raised. They moved to Trail about four years ago.

He is survived by his widow, three daughters and two sons. Mrs. J. W. Verge, of Calgary, is a daughter.

The remains were laid to rest at Rossland on Tuesday, the funeral being in charge of the Knights of Pythias, of which organization he was a devoted member.

BOY LOSES LIFE IN RIVER

The Old Man River claimed another victim on Sunday evening last, when the little eight-year-old son of Mr. and Mrs. Ben Carter accidentally fell into the turbulent waters near the Hillcrest spur bridge and was swept away. Rescue parties rushed to the scene and many daring attempts to rescue the lad were made, some at great risk. The body was recovered about a half hour later near Passburg, having drifted about two miles in that short time.

The remains of the little lad were laid to rest in Hillcrest cemetery yesterday afternoon.

CALGARY "GOOD-WILL" PARTY PLEASED WITH TOUR

One of the most successful good-will undertakings ever attempted in Alberta received the heartiest co-operation of the people of the Crow's Nest Pass, when the members of the Calgary Board of Trade, twenty-six strong and representative of a number of the leading business concerns of the "Friendly City" that is trying to co-operate in a business way with the outlying parts of this province, made a visit to the towns of Fernie, Michel, Coleman, Blairmore and Pincher Creek on Wednesday of this week.

All members of the party, most of whom had never realized but that the Crow's Nest Pass was nothing more nor less than a dingy dusty line of ordinary coal camps, expressed themselves as highly delighted at the majestic and beautiful scenery that surrounded us and the amount of industry carried on in this territory.

Among the party were the following: Mayor F. E. Osborne, A. E. McGuire, manager Canada Cement Co.; William McDonnell, superintendent Bank of Montreal; C. W. Dohy, manager Spillers Canadian Milling Co.; D. E. Black, manager Henry Birks & Sons; A. C. Fraser, manager Leunghead & Taylor, Limited; P. J. Moore,

manager H. J. & Co. J. A. McLeod, manager Metropolitan Life Insurance Co.; L. D. Benedict, manager Advance Rumely Thresher Co.; J. B. Corbet, superintendent Canadian Bank of Commerce; D. F. Whitney, proprietor Dominion Hotel; M. McDonald, manager Nelson Furniture Co.; C. M. Baker, president of C. M. Baker Co. Ltd., and vice-president Calgary Exhibition and Stampede; J. W. Quinney, of Watson & Campbell, Ltd.; J. W. Gilroy, of S. W. Gilroy & Co., Ltd.; F. W. Doherty, manager Royal Bank of Canada; George Goudie, of Burns & Co., Ltd.; H. G. Bamford, manager Bradstreet's Company; W. L. Fraser, manager Underwood Typewriter Co.; H. H. Lewis, manager Dunlop Tire Co.; J. Macallister, manager The Sawyer-Massey Co.; M. C. Brownlee, manager Bruce Robinson Distributors; J. F. McPadden, McPadden Clothing Co.; J. H. Hanna, secretary Calgary Board of Trade; B. W. Drew, division freight agent C. P. R.; and J. E. Giroux, manager Canadian Liquid Air Co.

Arriving at Fernie by the morning train, the party became the guests of the Fernie Board of Trade, and after being shown points of interest in and around that city, were taken to Coal Creek, where coal mining was witnessed. Following luncheon at noon, they were guests of the members of the Fernie board to a motor

trip through The Pass to Coleman and Blairmore, where they were greeted by the members of the respective boards. Arriving at Blairmore at 6:30, the party were guests of the Blairmore Board of Trade to a dinner served at the Greenhill Grill. The chair on this occasion was occupied by President L. L. Morgan, and the address of welcome was extended on behalf of the board and the Town of Blairmore by Mayor Farmer, supported by Mr. J. E. Gillis. Mayor Osborne and others of the visiting party were among the speakers. Following the free addresses, adjournment was made and the party were taken to Pincher Creek by members of the Coleman and Blairmore boards. Here a similar kindly reception was accorded the party.

It is confidently believed that much good in a commercial way will result from such a visit and that the business people and public of the towns of The Pass and the hub city of Calgary will have a better understanding of their relationships, and it is earnestly hoped that in the not distant future, representatives of the various boards in The Pass will get together and pay a visit to Calgary in return for the pleasant, and no doubt profitable, visit made by the Calgaryans.

WORLD HAPPENINGS BRIEFLY TOLD

The question of the eligibility of women for appointment to the Senate of Canada is expected to be considered by the Judicial Committee of the Privy Council shortly.

The United States has communicated to the League of Nations its agreement with Canada concerning radio communication between private experimental stations.

Dr. Hugo Eckener, director of the Zeppelin Company, emphatically denied the trans-Atlantic dirigible Graf Zeppelin had been sold or that he was negotiating for its sale in the United States.

The treaty between Canada and the United States designed to conserve the sockeye salmon fisheries of the Fraser River, will not be ratified by the Canadian parliament this session.

Fatally struck by a wire cable which snapped under a heavy load, Mike Bizdecke is dead at The Pass. The cable being wound in the process of loading a gravel train loaded Bizdecke's chest when it broke.

Sir Colville Barclay, British ambassador to Portugal, died in a London sanatorium following an operation. He was councillor to the embassy at Washington in 1913, and minister plenipotentiary to Washington in 1918. He was 60 years of age.

Twenty-five British boys coming out under the auspices of the department of agriculture of the Saskatchewan Government, were among the 174 passengers from the "Andania" who arrived in Winnipeg over Canadian National recently.

A slim line of railway steel from Cranberry Portage, about 100 miles toward Cold Lake, begins to stretch farther into the rich mining land of Manitoba's north. Work has just begun on the Cold Lake branch, but the line is expected to be operating by September.

IS THERE A BABY IN YOUR HOME?

Is there a baby or young child in your home? If there is you should not be without a box of Baby's Own Tablets. Childhood ailments come quickly and means should always be at hand to promptly fight them. Baby's Own Tablets are the ideal home remedy. They regulate the bowels; sweeten the stomach; banish constipation and indigestion; break up colds and simple fevers—in fact they relieve all the minor ills of little ones. Concerning them Mrs. M. C. Cabot, Makinik, Que., writes: "Baby's Own Tablets are the best remedy in the world for little ones. My baby suffered terribly from indigestion and vomiting, but the Tablets soon set her right and now she is in perfect health." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Bread 76 Years Old

A small loaf of bread, said to have been baked Good Friday, March 22, 1858, is on exhibition here. It is owned by Mrs. E. Hough Bartlett, 69, and was baked by her mother, Mrs. Bartlett says a legend that a loaf baked on Good Friday will endure forever prompted its making and its preservation for 76 years.

A safe and sure medicine for a child troubled with worms is Mother's Worm Expeller.

Two convicts were talking. "You know," said one, "I took John Bunyan all his life to write a story."

"Garn," was the reply, "it took me ten years to do a sentence."

A Strange People

Russian Exploration Party Makes Interesting Discovery in Siberia

Discovery of a strange race of people who make a habit of smoking from the cradle to the grave, and who live on a steady diet of animal fat during the winter to keep themselves warm is reported by a Russian exploration party.

Known as the Udeke tribe, these people inhabit the vast virgin woodlands of coastal Siberia. They live in crude dwellings built of branches of trees and bark, and they use leaves and skins as covering.

According to the Russian explorers the total number of the tribe is not more than 1,300. As they have no means of recording events, the history of their origin cannot be learned, but it is presumed that they were driven out of Manchuria and Mongolia several hundred years ago.

Although secluded, they are not shut off entirely from the rest of the world. Russians, Burians and Korean farmers live in the valleys of the rivers in which they fish, and contact with these neighbors is indicated by the finding of firearms among the Mongol tribe.

Recipes For This Week

(By Betty Barclay)

HONEY CORN FLAKE MUFFINS

- 1½ cups corn flakes.
- 1½ cups Graham flour.
- 2 cups white flour.
- 1 tablespoon shortening.
- 2 cups milk.
- ¼ cup honey.
- 5 teaspoonful baking powder.

Mix melted shortening with honey, add to one egg beaten lightly, then add milk. Stir in the dry ingredients which have been thoroughly mixed. Bake in well-greased muffin tins for thirty minutes. (Will make 32 muffins.)

SIRLOIN STEAK JULIENNE

Cut sirloin steak that is about three-quarters inch thick in three-inch squares. Roll in flour, brown both sides lightly in frying pan. Place browned squares in baking dish, sprinkle with salt and pepper lightly. Cover with tomato puree and for each piece of sirloin steak allow one teaspoonful of honey. After covering with tomato puree, add the honey. Then place a layer of onion and celery strips over the entire top, cover pan and bake slowly for two hours. Uncover, and bake for about fifteen minutes in good hot oven to properly brown steak. At least four or five strips each of onion and celery should be allowed for each serving.

Fort McMurray Salt Fields

Sir Thomas Tait of the Canadian Salt Company has just completed an examination of the salt fields at Fort McMurray with a view to exploitation.

Winnipeg is the home of upwards of \$50 diversified industries which produce over \$152,000,000 worth of goods annually.

"Your wife is talking of going to France this summer. Have you any objections?"

"No, certainly not. Let her talk."

Germany took only a few hours to invade, but is taking many years in evading.

I'm never too tired to sleep now

Restful nerves make all the difference. Your doctor will tell you how chewing relieves nervous tension, how the healthful cleansing action of Wrigley's refreshes the mouth and comes up.

Keep Your Baby Well and Strong

A baby's health and development depend largely upon the care and food it receives. Your infant should be bathed daily and fed regularly. If you cannot nurse your baby try Eagle Brand Milk.

The foremost infant food—made from rich cow's milk and granulated sugar—especially for babies. Recommended by physicians everywhere on account of its quality and uniformity.

In this paper from time to time you will find an advertisement of Eagle Brand Milk, a food that has raised more healthy babies than all the prepared infant foods combined. Cut out the advertisement and mail it to The Borden Company, Limited, 140 St. Paul St. West, Montreal and they will send you, free of charge, a very helpful baby welfare booklet containing authoritative feeding directions and a vast amount of useful information on the care of baby. Also ask for Baby Record, a diary of baby's progress.

Northern Wireless Station

Report Shows Cost of Installation and Maintenance of Eight Stations Serving Northland

A report concerning the eight wireless stations in Alberta and in the far north, operated by the Department of National Defence, at Aklavik, Herschel Island, Dawson, Mayo, Fort Simpson, Fort Smith, Fort Resolution and Edmonton—show the cost of construction of the eight stations to have been \$150,000, and that of annual operation \$98,258.

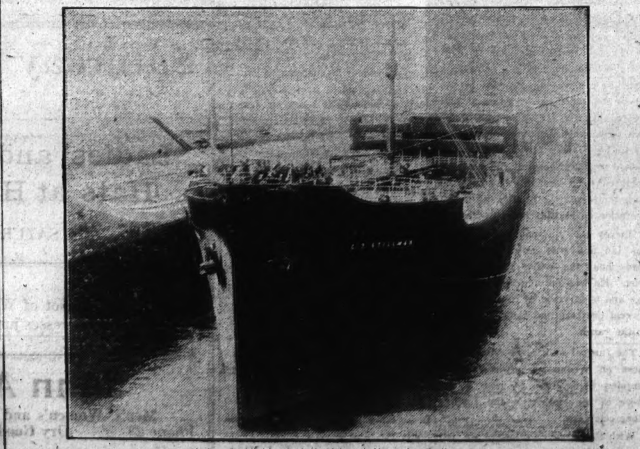

For Sprains and Bruises.—There is nothing better for sprains and contusions than Dr. Thomas' Electric Oil. It will reduce the swelling that follows a sprain, will cool the inflamed flesh and draw the pain. It will take the ache out of a bruise by counteracting the inflammation. A trial will convince any who doubt its power.

Southern Alberta Honey

Two and a quarter tons of apiary frames were delivered to the Riedel Honey Company plant at Taber, Alberta, the other day, shipped by the Alberta Box Company plant at Calgary. The company is preparing for a record season's production.

We are using and destroying our forests four and one-half times faster than we are replenishing them.

IN THE PANAMA CANAL

The world's largest tank ship, the "C. O. Stillman," passing through the locks near Colon. The Stillman is named after Mr. C. O. Stillman, of Toronto, President of Imperial Oil Limited, her owners.

Rush For Land Still Growing

Homesteading in Northern Alberta This Year Has Been Unprecedented

The land rush to Northern Alberta continues apace. It is reported by the Edmonton offices of the Canadian National Railways Colonization Department that approximately 1,000 new settlers with capital aggregating more than one million dollars, had gone into the Peace River country and Northern Alberta since the first of the year and up to the first week of April. It is estimated that during April alone nearly 1,500 settlers will settle in these districts. During the period of April 1st to 10th, a total of 312 settlers with capital totalling \$170,000 went to the Peace River District. Among these was one man with \$20,000 capital, another with \$14,000 and another with \$12,000.

During the first quarter of the year 400,000 acres of government land were taken up by homesteaders in the four western provinces, an increase of nearly 100,000 acres over the same period of last year. In the period mentioned, 136 homesteads were taken in Manitoba, 994 in Saskatchewan, 1277 in Alberta, and 96 in British Columbia. Homesteading in Northern Alberta has been unprecedented during this period.

Every month so far this year has seen homestead entries at the Edmonton office double over the corresponding months last year. For March alone the total was 226, as compared with 109 in March, 1928.

Last year there were 3,370 homesteads filed on in the Edmonton district, an increase of 147 per cent. over the previous year. There is every reason to believe that the increase noted so far this year will not only be kept up, but may even exceed that of 1928, over 1927. Even if the figures only double, it will mean that close to 7,000 homesteads will be taken up in this district alone.

Signaller Deserted Post

Member Of Scots Guards Has Been Discharged From Army

George Silverwright, the Scots Guards signaller who shattered all British military traditions by deserting his post in front of Buckingham Palace not long ago, will not be a heroic figure for tourist and newspaper eyes any more.

He was found guilty by a court-martial and was sentenced to 112 days' hard labour in a civil prison and to be discharged from the army with ignominy.

Silverwright had pleaded that he was sleeping.

Cause Of The Noise

"What was all that noise over at your house last night?" asked one colored woman of another, "sounding like a lot of catamounts done broke loose."

"Dat? Why dat was nothin' only yer gemman 'fom de furniture store collectin' his easy payments."

No Rest With Asthma. Asthma usually attacks at night, the one time when rest is needed most. Hence the loss of strength, the nervous debility, the loss of flesh and other evils which must be expected unless relief is secured. Fortunately relief is possible. Dr. J. D. Kellogg's Asthma Remedy has proved its merits through years of service. A trial will surely convince you.

Professor's Wife.—The war started the 1st of August, 1914, didn't it? Prof. (absent-mindedly)—No, my dear, we were really married in 1912.

SUNDAY SCHOOL LESSON

JUNE 16

JUDAH TAKEN CAPTIVE

Golden Text: "Righteousness exalteth a nation: But sin is a reproach to any people."—Proverbs 14:34.
Lesson: 2 Kings 23:1-21.
Devotional Reading: Psalm 107, 10-18.

Explanations and Comments

The Siege Of Jerusalem, verses 1-3.—In the ninth year of Zedekiah's reign, 588 B.C., in the tenth month according to the Babylonian calendar, which numbered its months from the spring session, the tenth month corresponding to our January, and on the tenth day of the month, Nebuchadnezzar, King of Babylon, came with his army and besieged Jerusalem. "The nation never forgot the month, and the day on which the armies of Chaldeans finally invested the city. It was felt as the day of the deepest gloom by the Israelites exiles, Ezek. 24. It has been commemorated as a fast, the Fast of Tebechadnezzar, King of Babylon, Church."—Dean Stanley.

Nebuchadnezzar's army encamped around the city and built fortifications. The forts were probably movable towers from which missiles could be discharged over the city walls. Jerusalem held out for eighteen months. From Jeremiah 34, 7, we learn that a part of Nebuchadnezzar's troops were engaged in attacking Lachish and Azekah during this time, and from Jeremiah 37, 11, that the reported approach of an army from Egypt caused a brief resumption of the siege. The siege was resumed, and at last famine became so acute in the city that there was no bread for the people. Read the account in Jeremiah 21:7-9; Lamentations 4:8-10; 5:10.

The Fate Of Jerusalem, verses 8-10, 12-17.—On the seventh day of the fifth month, Nebuzadnezzar, the captain of Nebuchadnezzar's guard (literally, one of the executioners), the king's bodyguard to whom such duties belonged, came to complete the destruction of Jerusalem. The work of devastation was thoroughly done. The gold and silver vessels, the altars, the vessels of brass of the temple were saved to be carried to Babylon, and then the sacred temple, on which much a passion of love had been lavished, was razed to the ground. The king's palace and every great house in the city were burned, and the city walls were broken down.

UNUSUAL APRON

An unusual apron, cleverly designed, that appears more like a pretty morning frock, is found in Pattern No. 345. It has a comfortable fitting waist, which is cut in one with front panel. The side sections are gathered and dainty neck ties at back. See small view! Japanese pongee silk, cotton crepe in floral design, Zephyr prints or plain or figured saten will give pleasing service for general wear, and will launder beautifully. Designed in small, medium and large size. The medium size requires 2½ yards of 40-inch material with yard of 16-inch contrasting. Price 25 cents in stamps or coin (coin preferred.)

Canadian Chorists

Make Splendid Showing In Competition Held In New York

Americans are accustomed to Canada winning high honours at international stock and grain shows, but a surprise was sprung when two Canadian male choirs went to New York and captured second and third places in competition with the best male choirs of the United States. These were the Ottawa Temple Choir, and the Peterboro (Ontario), Male Chorus, awarded two of the first three places in the "B" Class of the international choral contest. First prize went to the Baltimore and Ohio Railroad Glee Club of Baltimore, with 88½ points out of a possible 100, the Ottawa Temple Choir was next with 87½ points, and the Peterboro Male Chorus third with 85½ points. The contest was one of the features of a two-day choral festival held under the auspices of the Associated Cities Clubs of America, in which 75 choirs from the United States and Canada took part, totalling 4,000 voices. In the contest in which the two Canadian choirs scored second and third places, 14 choirs were entered.

Canadian Fish For Britain

Large Supplies Of Fresh Fish To Be Shipped In Fast Refrigerator Steamers

Major Hugh A. Green, former director of fish supplies for the Canadian Expeditionary Forces, is in Ottawa from England conferring with the Government in regard to the purchase by a British firm, of which the Major is now managing director, of large supplies of fresh fish—at least 1,000 tons weekly—which will be conveyed to the British Isles by fast, refrigerator steamers flying between the Maritimes and Great Britain.

Government To Treat Sands

Announcement is made that the Dominion Government will build a \$30,000 plant at Edmonton for the extraction of bitumen from tar sands. These sands are contained in vast deposits in the Athabasca district.

Brandon Aero Club

The recently formed Brandon Aero Club is applying for a charter to deal in all forms of aeronautics and public airport operations.

Nervous and Run Down The Least Noise Would Bother Her

Mrs. R. Burton, Ottawa, Ont., writes:—"Three years ago I was so nervous and run down I could hardly bear to have the children make a noise it would bother me so."

"A friend advised me to take

and after taking two boxes I began to feel stronger and better and the color came back into my cheeks and now I am feeling fine again." Please write to the nearest drugstore and dealers or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

TOUGH?

The Desert Song

—BY—
VIRGINIA MORRIS

Copyright 1929 Warner Bros. Pictures, Inc.
"The Desert Song" is a Warner Bros. production. It is based on the story by Otto Harbach, Laurence Schwab, Oscar Hammerstein, 2nd, and Frank Mandel.

CHAPTER IV.

Margot Bonvallet was alone. It was late afternoon and she had just given Paul Fontaine her answer: General Birabeau would marry them that night. She was allowing herself a few last moments of meditation. Leaning against a tremendous mosaic archway, she stood on the balcony and gazed at the vast desert. It awoke in her heart an infinite longing, the ache for an indescribable something that would never be fulfilled. This was not the wedding day of which she dreamed.

Her reverie was broken as a man's figure vaulted the railing behind her. She gave a startled cry, for the stranger was clad in a burnoose of flaming scarlet and his face was hidden behind a protecting mask.

"Oh, you're the Red Shadow!" she managed to exclaim when she had recovered her breath and had steadied herself against a chair.

He bowed gallantly. "A votre service, Mademoiselle."

Margot assumed a dignity that she did not feel. "How dare you come here?" she demanded.

"I heard you call for romance," her visitor explained. "I, too, long for romance and I would dare anything to get what I want. But what would you dare, that's what I came to find out."

The girl ignored the question which the Red Shadow had asked with gusto.

"Do you realize that one scream from me would wipe out the Red Shadow?" she asked him.

The mysterious stranger shrugged his shoulders. "You wouldn't call for romance in one breath and toss it away in the next."

The ardor of his voice grew as he leaned toward her. "Will you come with me?" he begged. "If you come, I promise not to hold you, but you will stay."

Margot had been clutching her riding crop to give her confidence. Now she raised it quickly. With it she struck the man before her straight across the face. He buried his head in his arm to alleviate the pain and reeled against the balcony rail.

But the girl's indignation quickly cooled. She was alarmed at what she had done. "Oh, oh, I've blinded you!" she cried, running over to him. But the Red Shadow had by now recovered himself.

the Red Shadow entered the room once more as mysteriously as before. She whipped out the gun and leveled it at him.

"Come a step nearer and I'll fire!" For a moment he said nothing but only looked at her very steadily. When he noticed that she wavered, he whispered softly, "Put down that gun!"

Quickly she raised it to take aim, but more quickly still he caught her wrist and turned it until the weapon fell to the floor. And before she could make further protest he had picked her up in his arms. In vain she fought to free herself. In vain she called for help. There was none to aid her, for every soldier in the garison was fighting grimly to keep off the attacking Rifas.

Outside, his white horse waited for him. In an instant he had thrown the girl across the saddle and had mounted. The pony galloped with forward, far, far across the sand into the mystery of the desert night, into the vast unknown where romance and love are found. Margot Bonvallet no longer struggled. She clung to the rider, who held her close while he spurred his horse on to a greater speed, and the world she had known was left far behind.

CHAPTER V.

The Red Shadow did not take his beautiful hostage to the Rifas' encampment in the hills. Instead, he turned his horse's head to the distant oasis in the midst of which towered the magnificent palace of Ali Ben Ali. Riding close at his heels came twenty of his own men who carried off Bennis and Susan as their prisoners. Their leader lifted Margot from his saddle and gave her into the care of his soldiers while he went to greet his host.

All Ben Ali received him in a great hall sumptuous with oriental luxury. Its highly polished floor was inlaid with rare mosaics. Low divans covered with priceless rugs invited one to voluptuous ease. Within close reach of them were great brass bowls heaped high with luscious fruit. Or if one preferred smoking in the fashion of the east, there were low tables holding porcelain hookahs the bubble pipes from which heavy water. The Red Shadow inhaled through water.

The great Sheikh who had been amusing himself with some dancing girls from Spain, dismounted them when his guest approached. He stretched out his arms, saying, "Hail, friend!"

The Red Shadow reciprocated this gesture of goodwill.

"Once more, Ali, I beg your kindness and shelter."

"Should not I protect the protector of my race? What is it this time? Have you burned down a prison or kidnapped a tax collector?"

"This time it's a little different!" admitted his visitor with a smile. "Ah, yes, to be sure, you bring two women captives—that is unusual. Many times I have offered you the hospitality of my Harem but you have always been as shy about women as—well, as a Christian!"

From the garden, Sid El Car entered with soldiers guiding Margot and Susan. Both of them were blindfolded but the Red Shadow immediately ordered the bandages removed from their eyes.

"Where's my Bennis?" demanded Susan, querulously.

Margot, still tugging at the ropes that bound her hands, cried "Where's that brute—that outlaw—that kidnapper?"

The Red Shadow bowed very low before her. Sheikh Ali Ben Ali ventured a suggestion of hospitality. But he addressed himself to the leader of the Rifas, "I presume you want them to get the same treatment as my women here—you want them halibed!"

The Red Shadow nodded. "By all means!"

"How dare you?" protested Margot. "As a French citizen, in the name of the republic of France, I demand to be released!"

Firmly but quietly, two slaves led the women away. Susan relished the adventure as much as Margot shrank from it. Some Rifas had brought in the captured journalist, Bennis Kila, who was already rousing his secretary's jealousy by his not too furtive glances at the seductive Spaniards.

"Oh, Bennis!" squealed Susan, "he's taking me upstairs. But somehow, Bennis made no movement of protest."

(To Be Continued.)

Boats the Sun

The 2,000,000 candle-power "Lindbergh Light" which Elmer Sperry is giving Chicago and the Midwest as a beacon for aviators will cast a light beam more powerful than the sun, a tenth more powerful in fact and it will reach 500 miles.

Farming Near the Equator

Girl in South Africa Turns Forest Into Farm Land
A land girl of Kenya Colony, Africa, is turning a forest into a dairy farm.

In addition to looking after her employer's cows, Miss Peggy Billson, a member of the Women's Farm and Garden Association, is hard at work clearing 367 acres of forest-land, 8,000 feet high, at Molo, near the Equator, with the help of only half a dozen boys.

She writes that it is a slow job, as there is no dormant season and weeds grow all the time, but she has now cleared, stumped, fenced, and planted about six acres with oats. Since the war land women have had wonderful success as trained milkers, dairymaids, and stockwomen, and the demand for them steadily continues.

Large Numbers Of Repatriates Return

1,500 Canadians Returning To Canada From United States

During 1929, about two thousand French-Canadians will be repatriated from the New England States to take up farming in Quebec, Ontario and the far west of Canada, according to the estimates of the Colonization Department of the Canadian National Railways. In 1928, through movements in which the Canadian National was directly interested, 1,600 Canadians, most of them natives of Quebec, returned to Canada to go on the land.

The royal road to success would have more travellers if so many weren't lost attempting to find short cuts.

Little Helps For This Week

"The Lord preserveth the faithful."—Psalm xxxi. 23.

Master, to do great work for Thee my hand

Is far too weak! Thou givest what may suit, Some little chips to cut with care minute.

Or tint, or grave, or polish. Others stand Before their quarried marble fair and grand.

And make a life work of the great design Which Thou hast traced; or many, skilled, combine To build vast temples, gloriously planned;

Yet take the tiny stones which I have wrought, Just one by one as they were given by Thee.

Not knowing what came next in Thy wise thought; Set each stone by Thy master-hand of grace.

From the mosaic as Thou wilt for me. And in Thy temple pavement give it place.

—Francis Ridley Havergal.

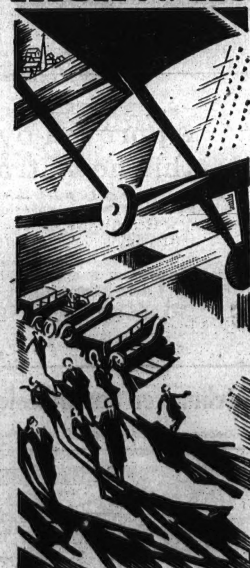

Fidelity in trifles, and an earnest seeking to please God in little matters, is a test of real devotion and love. Let your aim be to please our dear Lord perfectly in little things, and to attain a spirit of childlike simplicity and dependence.

—Jean Nicolas Gron.

River Runs Up Hill

A curious investigator reports that he has discovered a number of unique things in Pomerania. One of them is a river that occasionally runs up hill. The Oder has a fall of not quite 20 inches in the last 34 miles of its course, or only six-tenths of an inch a mile. When a strong north wind blows the current is reversed.

SKYWAYS AND HIGHWAYS

In the sky and on the highways, transportation moves at a faster tempo. The speed records of yesterday are commonplace today.

Greater speed is made possible by better and faster motors which call for a new margin of lubricating safety. Oils that were "good enough" ten years ago won't do today. Marvelube, a pure, carbon-free, full-bodied oil made from Peruvian Crude, is the preference of

Canadian aircraft operators and motorists.

Over half a million motorists in Canada have proved Marvelube's superior qualities. 90 out of every 100 miles flown by aircraft in Canada are travelled with Imperial Products.

There is a grade of Marvelube refined to meet exactly the specifications of your car, truck or tractor. Consult the Marvelube Chart at Imperial stations and dealers.

Acid Stomach

Excess acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. The quick corrective is an alkali which neutralizes acid. The best corrective is Phillips' Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention. One spoonful of Phillips' Milk of Magnesia neutralizes instantly many

times its volume in acid. It is harmless and tasteless and its action is quick. You will never rely on crude methods, never continue to suffer when you learn how quickly, how pleasantly this premier method acts. Please let it show you—now. Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—ask druggists.

INSTITUTE PUBLIC LIBRARY

Since we last reported the number of books available for use by the public, there has been added to the shelves 168 volumes. This makes a present total of 1518 volumes. The new additions include a splendid selection of the best and newer fiction, a section on Radio comprising eight volumes, books on travel, biography, poetry and art.

The following titles are an indication of the wide selection of reading and reference material being collected for your use:

"The Golfing Swing," by Bornham

"Fun on the Billiard Table," by Standlife.

"Exploring your Mind," by Albert Edward Wigram, in the Making Science Human Series.

"The Romance of Modern Exploration," by Archibald Williams.

"Recollections of Full Years," by Mrs. William Howard Taft.

Why not join the library now?

"THE COHEN AND KELLYS,"
ORPHEUM, FRIDAY-SATURDAY

Cohen and Kelly are in the bathing suit business in New York, but their line has become so old-fashioned that dealers will not buy from them. Pat

and Robin, their children, manage to get the fathers away on a sailing trip. While they are gone the kids recoup the business, bringing it up to date and arranging for a bathing suit contest at Atlantic City with \$10,000 to be awarded the winner. Cohen and Kelly return ahead of time and hardly recognize the place. The kids have spent all the money except the \$10,000 for the prize, which their secretary has forgotten to put in the bank. Cohen takes this money from the safe and puts it in his pocket. Cohen learns Pat and Rosie have gone to Atlantic City, and thinking they have eloped, gets Mrs. Kelly and follows. Kelly thinks Cohen has eloped with his wife and wires the police to stop them, following with Mrs. Co-

hen. Both families are thrown into jail. Cohen begins to argue, is handcuffed to a desperate criminal and put in a different cell. That night the criminal escapes, carrying Cohen with him in a sack. They elude the police and Cohen finally breaks the handcuffs and gets away. Kelly finds him and then the two are forced to escape from the crook who is after Cohen's \$10,000. In a runaway motorcycle they arrive at the finish of the beauty contest just in time for Cohen to hand over the money to Rosie, who has been proclaimed winner. As everybody leaves Pat takes Rosie in his arms.

Mr. and Mrs. A. Charlesworth, of Bellevue, announce the engagement

of their youngest daughter, Irene, to Mr. William Koenigs, also of Bellevue, the marriage to take place at an early date.

No doubt, since the visit of the Calgary "good-will" party, business people of this territory and business people of Calgary will be better understood each others' problems.

BLAIRMORE UNITED CHURCH
Rev. J. W. Smith, B.D., Pastor

Serve the church that the church may serve you.

Services for Sunday, June 16, the Pastor in charge—
SENIOR SCHOOL at 11 a.m.
JUNIOR SCHOOL at 2 p.m.
PUBLIC WORSHIP at 7.30 p.m.
The minister's subject will be: "The Day of the Lord," this being the second in the series of studies on the book of Amos. We shall have to consider such questions as "Is religious faith and practice more desirable to God than social morality and social service?" "What place does public worship occupy in the salvation of the soul?"

ST. LUKE'S, BLAIRMORE

Service next Sunday morning at 9.30.
The ladies of the church will hold a tea and pantry sale at the home of Mrs. Weaver on Friday, June 21st, from 3 to 6.

REGULATIONS FOR VISITING MOTORISTS

After July 1st, 1929, any automobile being driven in Alberta with foreign license plates must carry on its windshield a sticker showing that the car bears a non-resident permit to be operated in this province. These permits, which may be secured from provincial police officers, parks officials and others who come in contact with the travelling public, will provide a definite record of the number of cars visiting the province each year and the points of origin. The permit when issued is good for three months from date of issue and must be applied for within seven days of entrance into the province.

W. S. Beattie and family, of Lethbridge, were motor visitors to Blairmore on Sunday, accompanied by Mr. Bernard.

Mrs. E. Elliott has returned to Kimberley after a pleasant visit with friends here.

Lowest Price in Frigidaire history

THE new Frigidaire represents the greatest value ever offered in electric refrigeration. It embodies every essential Frigidaire feature—including the famous Cold Control. STUDEBAKER
WORLD'S LARGEST BUILDER OF EIGHTS

announces

The Dictator Eight
ONE HUNDRED AND FIFTEEN (115) INCH WHEELBASE

\$1530

at Walkerville

Straight eight motor; 115-inch wheelbase; Steel-core safety steering wheel; Non-shatterable windshield; Adjustable steering column and front seats; Amplified-action 4-wheel brakes; Double-drop frame

STUDEBAKER'S New Dictator Eight is precisely what you would expect of the Builder of Champions. A worthy companion car to the World Champion President and the famous Commander. Champion quality is offered at a low price—possibly only because Studebaker builds more eights than any other maker in the world.

In economy of fuel and oil this new eight rivals the thriftiest sixes. Performance is more satisfying than any other car at its price has ever provided.

This New Dictator Eight was developed on Studebaker's mammoth Proving Ground, by the same engineers

whose genius endowed Studebaker cars with the ability to win and hold every official stock car speed and endurance record.

You who have always wanted a straight eight may now enjoy the silken smoothness of Studebaker straight eight power, its unhesitating traffic mastery, its flexibility and pick-up. The economy of operation upon which you have insisted will be yours, along with low initial cost.

Come in and see The New Dictator Straight Eight—drive it—today!

The World's Simplest Engine In Canada's Best Styled Car

It was inevitable that such a beautiful car as the new Willys-Knight "70-B" should step quickly into preferred place in public favor. Each month we are building more Knight-engined cars than ever were built in any preceding month.

Here is a car whose high-powered, quick-accelerating motor is simplicity itself. 118 to 153 less parts than any other automobile engine. Just two metal sleeves in each cylinder sliding up and down, one within the other, in a film of oil—that is all. With no carbon troubles, no valves to be ground, no springs to weaken, the new Willys-Knight engine cuts upkeep costs in two.

Your nearest Willys-Knight dealer will gladly give you a demonstration.

"FINGER-TIP CONTROL"
One button in center of steering wheel controls starter, lights and horn. Simple design, easy operation. No wires in steering post.

PRECISION WORTHY OF THE COSTLIEST CARS

NOT only in its impressive appearance, but in every detail of its construction—in every phase of its performance—Oldsmobile is comparable to the more costly of fine cars. This all-round, well-balanced excellence of Oldsmobile Six is obtained in only one way . . . by the strict Oldsmobile policy of precision workmanship and rigidly maintained standards of quality.

You will find the results of this fine-car precision in the smoothness, ease of handling, absence of vibration, response to acceleration of Oldsmobile's 62 horsepower engine. You will find evidence of it in the harmonious working together of all Oldsmobile parts, regardless of speed or road or distance.

You will find, too, quality features unapproached by any save the higher-priced cars . . . rubber engine mountings; rubber chassis insulation; fabric beading to prevent metal-to-metal contact; pressure-lubricated piston-pins; high-compression cylinder head . . . to name but a few.

To discover the satisfaction of fine-car ownership, let us arrange a trial drive in the new Oldsmobile Six.

Science To Rescue Agriculture

Recent developments in the realm of agriculture indicate that science is hastening to the aid of the farmer in Western Canada and that the time is not far distant when only those farmers who make an earnest study of their problems and apply to those problems the discoveries which are being made by technical experts can hope to forge ahead and secure for themselves and their families the comforts which fall to the successful business-man.

There are several major problems confronting the man upon the land in the West at the present time. Among these are the questions of reducing the cost of the production of cash crops, and the necessity of not only fighting, but of forestalling reduction in yields through the agency of weeds, insect pests and diseases.

High costs of production and reduced yields through weeds, insects and diseases form a combination which can only be beaten by the alert farmer. Only the farmer who calls to his aid the forces of science can hope to overcome this profit-robbing alliance.

Consider, for instance, the cost of producing a bushel of wheat. While accurate figures are difficult to secure it is definitely known that some farmers are able to place a bushel of wheat in their granary or in the elevator at a mere fraction of the figure which it has cost some of their neighbors to raise and harvest a similar bushel of wheat. It is a safe prediction that the cheap-production farmer has carefully studied the economic effects of the use of good seed, scientifically sound cultivation methods and the cheapest and best modes of garnering his crop. Not only has he done this, but he has kept some record of the cost of his various operations, thus enabling him to find out the weak spots and remedy them.

In this field of agricultural effort a great deal of pioneering work has been done by the farm implement companies, individual farmers of an inventive turn of mind, and leaders of agricultural engineering. It only remains for the average farmer to avail himself of the scientific work already done in this direction and apply and perhaps modify it to his own conditions and circumstances. Many are already doing so to their profit.

Then there is the problem of reducing the loss to profits through the prevalence of weeds which are annually taking a huge toll from farmers. Here, again, a good deal of research work has been carried on by experts in the employ of the Colleges of Agriculture, the Provincial Governments, and the Federal Department of Agriculture. It has been demonstrated beyond all doubt that methods can be adopted which will keep these pests within control in some case, and in others that they can be entirely eradicated.

As an illustration of what is being done, investigations conducted by the Saskatchewan Department of Agriculture last year, as to the possibilities of eradicating some of the most serious weeds by the use of chemicals might be cited. It is true that the tests showed that the cost of chemicals as a weed destruction agency on a large scale, may be uneconomical but the value of such chemicals in eradicating small patches and preventing them from inundating the farm was clearly proved. A combination of chemicals, suitable cultivation methods, the use of clean and pure seed, will go a long way towards reducing the losses occasioned by weeds in this province.

Similar research work has been, and is being, carried on in the fight against diseases attacking wheat and other cereal grain crops. It is only necessary to refer to one of them—the efforts which are being made to breed a wheat that is not only resistant to the ravages of rust but that also contains those milling and baking attributes which makes Canadian hard red spring wheat so desirable in the export market. Recent reports indicate that success in this field of endeavor is crowning the efforts of technical workers, and it is probably only a matter of two or three years before the farmers will be able to seed their fields with a rust-resistant wheat of good milling and baking quality.

The foregoing are only one or two illustrations of the manner in which science is being enlisted to aid the farmer and to be successful in this day and generation, it is essential that the agriculturist inform himself of what is being done on his behalf and apply the results of the work of those trained men to his own particular problems.

Imperial Airways Plan Luxurious Liners

Change In Construction Plans Bred Beneath Both Wings

Progress of commercial flying is shown in the order placed by Imperial Airways for a fleet of luxurious air liners, giant craft. Accommodation specified is for forty passengers in two saloons eight feet high with in the enormous fuselage. The seats will be arranged four abreast, with a gangway running up the middle, and a private cabin, similar to those on Pullman cars, will be arranged for parties of two or four. In addition there will be a bar where refreshments can be served en route. Four

engines, two on each wing, on either side of the fuselage, will drive the mammoth ship through the air, and three engines, if necessary, alone be used. Safety also will be fitted. One of the big changes in construction is that the body of the craft is slung beneath both wings, instead of between them. This helps to prevent noise in the cabins and also gives the passengers a clear view.

All-Canadian Highway

Will Go Through Most Spectacular Scenery In World

Before the year is over it may be possible for one to drive from Winnipeg to Vancouver on all weather highways without detours to the United States pavements. Gravelled roads already exist from Calgary to Golden, B.C., and the British Columbia and federal governments are now building around the "big bend" of the Columbia river to join the existing road down the Fraser Canyon to Vancouver. This highway when complete from Winnipeg to Pacific tide water will go through some of the most interesting country and the most spectacular scenery in the world.

It then remains to bridge or tunnel Lake Superior.

Authorize Court Action
Persons charged under the Criminal Code in Yukon territory with an indictable offence may, at the discretion of the minister of justice, be tried before a court in northwest territories. This authorization was given in a bill passed by the House.

W. N. L. 1789

Use Minard's for the rub down.

Bouncing Immigrants

Feeling Seams To Be Veering Away From Coaxing People To Come To Canada

Three members of parliament, a Liberal, a Conservative, and a United Farmer, spoke the other day against continuing a heavy expenditure to induce immigrants to Canada. They represent farming districts in Alberta, Ontario and Quebec. There is reason to think that the view they express is gaining ground among farmers, and, perhaps less rapidly, among townspeople. The advisability of "coaxing" people to come to Canada is the point at issue. There is room in Canada for more people, of course. There are people to spare in other countries, particularly in Great Britain. Sending agents abroad to invite people to come to Canada brings a response; there is no doubt about that. But perhaps more would come if we stopped inviting them. There never were so many people wanting to get into the United States as since the "quota" law was passed. The closed gate arouses curiosity as to what lies beyond it.—Edmonton Bulletin.

FEELING WORN OUT

When the Blood Becomes Watery a Breakdown Follows

How many girls and women suffer from headaches, pain in the back or side, poor appetite, nervousness and a constant feeling of weariness and palpitation of the heart at the least exertion. Of course, all these symptoms may not be present at any one time, but any of them show that the blood has become thin and watery, and good health can only be restored by enriching the blood. This should be done without delay. For this purpose nothing else will do so well as Dr. Williams' Pink Pills. Every dose helps to enrich the blood and tone every nerve, thus bringing new health and vitality to weak, and often despondent people. The truth of these statements is proved by the case of Mrs. Howard King, R.R. 5, Truro, N.S., who says: "A couple of years ago I grew so weak I could scarcely walk across a room without help. My blood was thin and I was almost breathless. I had taken Dr. Williams' Pink Pills on a former occasion with good results, and so decided to try them again. By the time I had taken a few boxes I felt much better, but I continued taking the pills for several months, by which time I could walk for miles with little effort. I do all my own housework and care for four children, so you will see what Dr. Williams' Pink Pills have done for me."

You can get these pills through any medicine dealer or by mail, post paid, at 50c a box from Dr. Williams' Medicine Co., Brockville, Ont.

Russia Has Aero-Sleighs

Fitted With Airplane Propellers They Attain High Speed

Aero-sleighs, driven at 35 to 45 miles an hour by airplane propellers, recently travelled 2,100 miles from Moscow to Perm and back. Four sleighs took part in the complete run and five more accompanied them on the first day's journey.

The machines have a body of automobile design and look, except for the propeller, like an ordinary car mounted on runners. Under good conditions a speed of around 50 miles an hour can be attained.

Miller's Worm Powders are complete in themselves. They not only drive worms from the system, but repair the damage that worms cause and so insensitively that the patient that it speedily recovers from the disorders of the digestion that are the result of the work of these parasitic intruders. They do their work thoroughly and strength and soundness follow their use.

Developing Vancouver Port

Further developments and improvements at the port of Vancouver, B.C., involving an expenditure of more than \$10,000,000 and bringing the port grain capacity to more than 21,000,000 bushels of storage are to be undertaken this year.

Will Go In For Sheep

A number of farmers around Carman, Man., are interested in the proposal to bring in breeding ewes for distribution among them on terms of payment spread over three years, and a number of applications will be sent in from this district.

BILIOUSNESS

RELIEVED QUICKLY

The Peppermint Cure quickly starts the bowels going, moves the bowels, the poisonous gas away, the biliousness, the acid stomach, the indigestion, the flatulence, the headache, the nervousness, the general condition of the system. It is a sure cure for all these things. It is a sure cure for all these things. It is a sure cure for all these things.

Canadian Stock For United States

American Breeders Continue To Look To Canada For Foundation Stock

Some of the world's finest dairy stock, Canadian owned, went to American buyers at the sale held recently of the famous Innis herd of purebred Holsteins at Woodstock, Ontario, declared F. W. Walsh, superintendent of agriculture of the Canadian National Railways, who returned to Montreal after the sale, describing the sale as undoubtedly the most outstanding herd dispersal sale of purebred dairy stock ever held in Canada.

Internationally famous stock, males and females which hold continental show ring records, were sold at the sale, which was held for the purpose of disposing of 70 head of the herd of J. W. Innis & Sons, well-known breeders at Woodstock, Ontario. American buyers were very prominent at the sale, and took away some of the best animals, which is only another indication, states Mr. Walsh, that American breeders continue to look to Canada for their seed stock.

The famous all-American bull, Abbot's Sylvius Lad, which headed the Innis herd, fortunately, however, went to a Canadian breeder, M. L. McCarthy, of Sussex, N.B., for \$3,600, and Mr. McCarthy also secured a fine cow, in line with his present policy of building up one of the finest show herds on the Continent.

The full sister of the champion bull, Argie Sylvia Third, went to the Detroit Cerebra for \$3,000. These two animals comprised the all-American progeny of this herd.

The average price per head for the 69 head sold at the sale, stated Mr. Walsh, was \$535. A number of the animals went for round \$1,000 a piece. A year-old bull went to an American buyer for \$2,000, and an American cow of the herd, was taken up by a Canadian buyer for the same price.

Minard's Liniment for sick animals

Straw Bed Is New Product

Good Substitute For Lumber In Construction of Buildings

Paper made from corn stalks has been proven successful in the middle Western States. Now Western Canada has found a new and profitable use for straw. A company has been incorporated in Regina for the manufacture of straw-board to replace ordinary lumber in the construction of buildings and office machines has recently been placed in operation on the farm of T. A. McCusker, one mile north of Regina. Patent rights for Canada have been acquired. The machine, it is stated, compresses the straw under a pressure of 100 pounds to the square inch, the product being laid with wire and turned out in boards 14 feet long by five feet wide and two inches thick. The machine turns out 4,000 square feet of straw board per day. It is contended that the product is fireproof on account of the pressure to which it is subjected and that it possesses insulating qualities to a high degree.

Fur Farming Ranch

A Mr. Moore, from Minot, North Dakota, has bought a section of land near Fish Lake, Man., 18 miles west of Wawota, to be used as a fur-farming ranch, for foxes, mink, skunks, and raccoons, the breeding stock to come from the States.

Evidently Lost

Speaker (after forty minutes of the usual talk) And so at 20 I faced the world with 50 cents and a clear conscience.

Very bored voice from the rear row "And what happened to the conscience?"

Keep Minard's in the Medicine chest.

Guarding Canada's Coastline

External Vigilance Of Lighthouse Attendants Makes Water Commerce Possible

Except in fog or storm, Canada's rapidly growing water commerce seldom gives even a passing thought to the external vigilance of a silent service which makes that commerce possible, says the Boston Transcript. Only in time of trouble is attention paid to the 11,762 individual establishments of the lighthouse service guarding the 52,800 miles of Canada's coastline.

From Cape Race, at the extreme eastern point of this continent, to Queen Charlotte Islands, on the Pacific Ocean, over 200 persons are employed in guarding the paths of trade. The lighthouse service in which they are engaged consists of 1,771 lighthouses, 260 fog signal stations, 543 gas and signal buoys, six submarine bells, twelve lightships, and 8,470 unlighted buoys, beacons and day marks.

Distribution of the various orders of lighthouses, according to regions, is as follows: New Brunswick and Bay of Fundy (both shores), 170; Prince Edward Island, Gulf of St. Lawrence and Strait of Belle Isle, 240; Nova Scotia, south and east coast and Cape Race, 186; Quebec, Lower St. Lawrence and Bay of Chaleur, 290; Montreal, 242; Prescott and upper St. Lawrence, eighty-six; Pelly Sound and Lakes, 478; Kamour, nine; Manitoba, sixteen; Victoria, B.C., 146; and Prince Rupert, fifty-six.

Canada's War Legacy

Over 112 Millions Is Required For Interest On Debt

Canada's ordinary expenditures (excluding of course, her outlay on capital account), exceed 355 million dollars per year. Of this great sum, nearly 163 million dollars is directly attributable to the Great War, although war has now been over for more than a decade.

Interest on the war debt demands over 112 millions; war pensions, over 40 millions; soldiers' civil re-establishment, nearly 8 millions.

While expenditures attributable to the Great War mount up to almost 163 millions, the so-called war taxes raised less than 143 millions in the last fiscal year, the greater part of this being secured from the sales tax, stamp taxes and income tax.

War taxes constitute less than one-third of Canada's revenues. Customs and excise duties furnish the country with more than half her ordinary receipts.

Sores Heal Quickly—Have you a persistent sore that refuses to heal? Then, try Dr. Thomas' Electric Oil in the dressing. It will stop aching, carry away the proud flesh, draw out the pus and prepare a clean way for the new skin. It is a recognized healer among oils and numbers of people can certify that it healed where properly applied.

Many Trails In Parks

Banff, Jasper, Yoho, Kootenay, and Glacier National Parks, in the Canadian Rockies all have trails well marked and very pleasant to travel, some of which extend for 300 miles.

"Skinny" Men! Gain Weight Quick

New IRONIZED YEAST adds pounds in few weeks. Results guaranteed—or pay nothing

Men and women everywhere write that Ironized Yeast added 5 to 15 pounds often in few short weeks. Rounds out muscles. Gives many color and clear complexion. Builds strength for full energy. Makes real men out of "skinny" weaklings. They ask—how does Ironized Yeast work so fast? Ironized Yeast is two great tonics in one. Weight-building YEAST treated with two kinds of strengthening, blood-enriching IRON used for years by highest medical authorities. The Yeast is also treated with Violet Rays to increase its effectiveness.

When Yeast is Ironized it is most effective. Iron is needed to bring out the weight-building, strengthening values of Yeast.

Patient tablets No "fatty" taste. No gas or bloating. Don't be "skinny" or weak any longer. Let Ironized Yeast give you a real man's arms and legs, and a clear, ruddy complexion. Ask your druggist today for full size treatment. If not delighted with quick results, get your money back. Inconvenient to buy from druggist, send 15c direct to Canadian Ironized Yeast Co. Ltd., Port Hope, Ont. Box 428-MB.

Canada Must Use Aircraft

Or Business Of Dominion Will Be Hampered Says General MacBrien

Major-General J. H. MacBrien, of Montreal, speaks on aviation and its relation to commerce and war, at the opening meeting of the Advertising Association's twenty-sixth annual convention in Montreal recently.

General MacBrien declared that Canadian business would be hampered unless aircraft were fully utilized in the speeding up of communication. The highways of the air would straddle the world, he declared, and Canada must have her share. When telephone despatching, modern airports and safety devices become more general, aviation would be the safest form of travelling, he said.

A Broad Hint

A party of English tourists were visiting Edinburgh, and were shown the city by an old Scotsman.

At the end of the day, when the people were leaving, the old man said: "Well, I hope you've enjoyed yourself; and, mind, if any of 'ye has lost his purse, he never had it out 'o my company."

Many people are almost crippled with corns. But it is needless suffering which can be speedily ended with Holloway's Corn Remover.

Spain's cure for auto speeding is a stone pile and a goodly supply of hammers. Three years to the average limit for exercise.

For sunburn—apply Minard's Liniment.

The woman leader to get used to to win women's rights now strives to get women to use them.

FREE! FARM-TO-STOCK ACCOUNT BOOKS

The valuable book was compiled by advertiser CARHARTT OVERALLS—the best farm's overall in the world. One farmer wrote that he would not take less than \$1.00 for his book. Write for yours today. Hamilton Carhartt, Manufacturer, Ltd., Toronto. Over twenty thousand Agents.

Appleford Paper Products

HAMILTON DNT.

Don't Let Foods Stale

Foods that ordinarily stale quickly will stay fresh and tempting a surprisingly long time if you cover them with Para-Sani Heavy Waxed Paper.

Your grocer, druggist or stationer has Para-Sani in the handy, sanitary knife-edged carton. For those who prefer a lighter paper, Para-Sani in sheet form ask for Appleford's "Centre Pull" Packs.

NEED FOR MORE RESEARCH WORK IS STRESSED

Halifax.—"Don't be content with second rate men, nor expect tremendous results in a year, but be confident in the future of scientific research in Canada. If you do this, you have nothing to fear for the future of the Dominion in industry or nationhood," said Dr. H. M. Tory, president of the National Research Council, speaking before the Canadian Manufacturers' Association on the work of the council in its investigations into Canadian resources.

Outlining the unprecedented development of research into the scientific phases of industry in Britain, the United States, Japan and Italy, since the war, Dr. Tory told the manufacturers the time had come for Canada to take her place with the other nations of the world in the setting up of laboratories and the special training of scientists to man them. "But it will be money wanted," he said, "unless the manufacturers of Canada are alive to their opportunities and employ them. The idea is rapidly passing that we must take ideas from other peoples. Too many of our brilliant men are engaged in building up the industrial life of foreign lands."

Speaking of the work that had already been done by the Institute of Canada, Dr. Tory instanced the magnetic industry, which in three years of research, had been placed in a position amply able to compete in the world market. During the past year 105 investigations had been carried on in the development of new resources and this work would be greatly extended in the new building, with the addition of students now being trained.

Discuss Tariff Question

Canadian Manufacturers' Association To Make Pronouncement

Halifax, N.S.—"The manufacturer who takes one view on protection for what he produces and another on what he buys not only is inconsistent but he undermines the very position he seeks to safeguard," was the opinion of President L.W. Simms at a session of the Canadian Manufacturers' Association, at which the report of the tariff committee was adopted with a motion that a committee be appointed by the president to draw up a pronouncement on tariff matters.

Canada's tariff problem was different from that of any other country, said H. M. Tory, president of the association. One hand were the agriculturists entitled to special consideration in their marketing activities. Industrial development was essential. Any tariff policy must be shaped toward the goal of cheaper production and requests to the tariff committee should always be qualified to that end.

Cannot Return To Germany

Former Kaiser Is Barred From Fatherland For a Further Period

Berlin, Germany.—Former Kaiser Wilhelm's hope to return to Germany to spend his last days was postponed again when the Federal Council voted 62 to 4 in favor of a government bill lengthening by three years the law for the protection of the republic, which would have expired soon.

The law permits the government to keep the former Kaiser out of Germany as a menace to the Republic. It was passed by the Reichstag in the summer of 1922 as an emergency measure, after the assassination of Walter Rathenau.

His Majesty's Condition Is Improving

Bulletin Issued By Physicians Show Satisfactory Progress

Windsor, England.—King George suffered no ill effects from the excitement of receiving the outgoing and incoming Prime Ministers on successive days.

Three physicians visited the monarch recently and issued a bulletin showing satisfactory progress. Complete recovery probably will be slow, but all keen anxiety has passed from the royal household.

C.N.R. Earnings

Montreal.—The Canadian National Railway gross earnings for the ten day period ending May 31, 1929, were \$7,549,099, as compared with \$7,545,000 for the corresponding period of 1928.

W. N. U. 1789

Flames Creates Havoc In Northern Mining Town

Cranberry Portage Suffers Heavy Loss Through Fire

The Pax Man.—Surrounded by a wall of fire, forest rangers, railway construction workers, miners and every available able bodied man in Cranberry Portage, little Manitoba mining town, on the shores of picturesque Lake Athabasca, battled to save what remained of the settlement after the flames had brought destruction the day before.

It was the townsite of Cranberry Portage, constructed only a few months ago, across the railway tracks from what is now known as the Old Town, that was destroyed when flames from a forest fire swept in from the north.

Within 20 minutes, a score of dwellings, several business buildings, the railway station, and hospital, were smouldering ruins, and 200 persons out of the town's 800 population had been rendered homeless. There were no casualties. The property loss will run into thousands of dollars and many small personal fortunes were swept away. No insurance was carried, as Cranberry was considered a fire hazard by the underwriting companies, surrounded as it is by forest.

Ramsay MacDonald To Lead

Accepts King's Invitation To Form a Cabinet

London, England.—Right Hon. Ramsay MacDonald, leader of the Labor party, accepted the King's invitation to form a Cabinet to replace that of Right Hon. Stanley Baldwin, Conservative Premier, who resigned. Official announcement of the acceptance was made at Windsor Castle, where the King was ill, a few minutes after the Labor leader had called and left to go back to London.

He arrived at 11:04 a.m. with his son Alastair MacDonald and Lord Arnold.

The King's equestrian, Colonel Seymour, escorted him inside the castle. He remained slightly more than an hour, leaving at 12:18.

It was the second cabinet Mr. MacDonald has been called upon to form. The first was that of more than five years ago when the Labor party, with the help of the Liberals, was given its first chance at the control of the British government.

Forest Fires In Japan

Damage To Property Already Over Three Million

Tokio.—Heavy rains over the island of Saghalien and Yokkaido have greatly lessened the threat from forest fires there, although resumption is feared when the weather dries. Fire fighters are redoubting their efforts hoping to end the menace while the rain continues.

The governor-general of Saghalien reported losses on his island including 43 dead, 163 seriously injured, and 1,206 houses destroyed, 4,710 homeless, and about \$3,250,000 damage to urban property. Damage to the forests had not been estimated.

Appreciate Their Leader

Ottawa.—Paying tribute to the party leadership of Hon. R. B. Bennett in parliament this session, Conservative members and senators united in a dinner tendered to him. Expressions of loyalty and appreciation for Mr. Bennett's leadership were voiced.

Passes Railway Bill

Ottawa.—The Senate committee on railways recommended without amendment the bill authorizing the Canadian National Railway to construct terminal facilities in Montreal at an estimated cost of \$51,409,000.

Fear Break Between China and Russia

Trouble Arising Over Arrest of Soviet Officials in Manchuria

London, England.—Russian troops were said by a Peking dispatch to the Express, to be massing on the Manchurian frontier to prevent thousands of Chinese from leaving Russian territory. The flight of the Chinese was in fear of arrest and deprivation of their belongings in retaliation for the arrest of Soviet officials in Manchuria.

Rengo news agency of Japan reported that Soviet consul general Kunetzoff, of Mukden, was under arrest at Hailer and that intense anxiety was felt in the Harbin Soviet community where a complete break between Russia and China was feared.

The strained relations between the two countries began with Chinese raids on Soviet consulates in search of documents to support charges that Communists were actively interfering in Chinese internal affairs. The raids were followed by a sharp note of protest by the Soviet virtually suspending diplomatic immunity of Chinese officials in its territory.

REVISION OF GRAIN ACT IS RECOMMENDED

Ottawa.—Complete revision and consolidation of the Canadian Grain Act at the next session of Parliament is recommended in an annual report tabled in the House of Commons by the Parliamentary Committee of Agriculture.

The chief recommendations contained in the report are the following:

Amendments to the Canadian Grain Act to prohibit mixing in the four statutory grades of red spring wheat, namely: No. 1 hard, No. 1 Northern, No. 2 and No. 3.

This amendment would not become effective until August 1, 1930.

The outline standard for all terminal elevators of all statutory and commercial grades of red spring wheat be a composite sample equal to 75 per cent. of the average quality of the grade and 55 per cent. of the minimum quality of such grade at the primary inspection point. This provision would be made effective on August 1, of this year, and would apply to the current year's crop.

The board of grain commissioners to be composed of three members as at present. In addition to these there will be four assistant commissioners, who are to be located, one in each prairie province, and one at the head of the lakes. The commission itself would be given power to name its own headquarters.

Certain increased powers to be given to the board to assess loss and damage in any case where a complaint is made, with power to enforce its findings in any court of competent jurisdiction. Appeal from such may be allowed in the district or county court in which the person entering such complaint resides.

The recommendation is made that the standards boards be constituted on a different basis from that now prevailing. The producers would have one-half of the representation on the board, which would be comprised of the following:

The Board of Grain Commissioners, the chairman of the Board of Grain Appeal, the chief inspector, the chief chemist, the Dominion cerealist, one representative of the millers, four representatives of producers from Alberta, five from Saskatchewan, three from Manitoba, and one from British Columbia.

WINS ORATORICAL CONTEST

Roche Pinard, 18, of Montreal, whose eloquent speech of "Canada Among the Nations" was him the Canadian Oratorical contest at Toronto on May 22. Pinard will represent Canada at the international contest in Washington.

Saskatchewan Leads In Scout Training

Had More Leadership Courses Last Year Than All Other Provinces Combined

Regina.—Saskatchewan was able to report more training courses for scout leadership than all the other provinces combined during the year ending May 31, 1929. It was stated by W. J. P. Selby, provincial secretary of the Boy Scouts Association, more than 525 adults took the indoor Gilwell training course, 409 of these being granted certificates from Dominion headquarters.

The figures were disclosed at the annual meeting of the Canadian General Council of the Association at Ottawa, which reported an increase of 86 troops and 273 leaders in the Dominion during the year. There are now 53,000 scouts and leaders in Canada.

As an indication of the constant progress of the organization, it was stated that \$4,170 scout rank and proficiency badges had been awarded in 1928-29, an increase of 5,628 over the preceding year. The report of the welfare work of the association showed that, through 93 centres, toys had been distributed to more than 50,000 children last Christmas, including 5,000 children of newly-arrived immigrants.

Going To South America

Tide Of Immigration Now Running In Southwestern Direction

Rio De Janeiro, Brazil.—The tide of migration, which for decades flowed westward across the Atlantic to New York and other American ports has definitely set in a southwestern direction.

European steamship companies are operating larger and faster steamers to South America, than were the previous emigrant carriers of the North Atlantic, with much better accommodations. Under these conditions Brazilians believe that their country is on the verge of a great increase in population with consequent agricultural development.

Japanese Ship Afire

London, England.—A message to Lloyds from Yokohama said the Japanese steamer "Ugo Maru" was reported a total loss from fire with the crew and passengers believed drowned. The fire began May 31. Other Japanese dispatches said the ship was afire with 700 Russian passengers, 380 of them women, and 43 Japanese crew members.

Mount Vesuvius In Eruption

Heavy Fall Of Smoke And Ashes Hangs Over Naples

Naples.—Huge clouds of smoke, laden with ashes, from the belching throat of Mount Vesuvius, hung over Naples and turned the brightness of noon into a kind of twilight.

Neapolitans were unable to see their familiar land mark which was clouded by the screen of smoke issuing from its crater.

The Associated Press correspondent visited Terzigno and found conditions terrible. Families were withdrawing with all their belongings and cattle. They flocked into the churches on the line of retreat, invoking Saint Gennaro and praying before shrines.

Troops took possession of villages to prevent marauding after the inhabitants had departed.

ESTIMATES FOR DEFENCE MEET WITH OPPOSITION

Ottawa.—Canada had denounced war as a national policy and for this reason it was inconsistent that the estimates in the department of national defence should show an increase, declared Miss Agnes MacPhail, Progressive member for South East Grey, in the House of Commons. Miss MacPhail was emphatic in opposition to the national defence estimates and during the consideration of cadet services moved an amendment to reduce the amount of the appropriation from \$500,000 to \$1. The amendment was defeated 56 to 15.

The only woman member of parliament declared she would like to see Canadians take the stand that war should be forever abandoned.

J. S. Woodsworth, Labor, Winnipeg North Centre, complained that the supplementary estimates would bring the total for the department to more than \$2,000,000. While it was true that only a few reckless adventurers or ruthless profiteers would deliberately attempt to foster another war, a conflict was quite possible so long as conditions remained as they were. The pile up of debts of the last war constituted all the memorials Canada needed.

Mr. Woodsworth declared that as the militia estimates amounted to \$200,000 he did not think it would be too much to ask that \$200,000 be spent on peace.

The money could establish a chair on international relations in every university in Canada. It could provide for the training of three or four Canadian students from each university into foreign countries to study foreign affairs. It could provide for the training of young men desirous of entering the ambassadorial service, if we were to have peace we must make preparations for it and be willing to spend something on peace.

Col. A. L. Ralston, minister of defence, said it was not correct to say that Canada spending \$200,000, or proposed to spend it under the estimates, on her militia. As a matter of fact the vote this year for military services was \$1,063,000 whereas in 1913-14 when more value could be secured for one's money the vote for military services was about quarter of a million dollars higher. Canada was in a happy position geographically and at no time did the United States enter as a factor in the country's defence budget.

Canada had only one regular soldier to every 3,000 individuals. The permanent force was not even a decent police force. The real defence force of the country was the non-permanent active militia.

Canada was not given credit for the length to which the country had gone in disarmament. No nation less on warlike activities. Brigadier General J. A. Clark, Conservative, Vancouver Burrard, asked if it were not possible that instead of using a large civilian staff for the administration of the department, clerks could not be recruited from among the members of the permanent force. G. G. Coote, U.P.A., Macleod, asked for the total number of cadets in Canada. There were 133,403. Col. Ralston said. A large portion of the grant for cadet service was expended to provide physical training for boys schools throughout Canada.

Wrong Man Convicted

London, England.—After serving three months in prison, Ernest Lee, 35, received a pardon and \$500. It was found after he had served this time on a charge of posing as a brewer's agent, and collecting a commission, that another man was guilty. The guilty party, already in jail on another crime, confessed.

To Be Presented At Court

London, England.—Thirteen Canadian women are to be presented at Court, June 26. They are to be presented by Mrs. P. C. Larkin, wife of the Hon. P. C. Larkin, Canadian High Commissioner in London, include Mrs. J. H. Woods, Calgary, wife of the managing director of the Calgary Herald.

WILL APPOINT TWO MORE TRADE AGENTS TO U. S.

Ottawa.—Trade and commerce estimates "buy from the countries which buy from us." That was the slogan which Conservative members of the House of Commons urged when estimates of the department of trade and commerce were under review. The debate covered a very wide field. It took in the new United States tariff, the opportunities of trade with the countries of South America and methods of advertising Canada abroad.

The comparative advantages of a foreign trade and a domestic trade brought on a discussion which eventually ended in an argument on the tariff. However, the estimates plotted by Hon. James Macdonald, minister of trade and commerce, seemed fairly satisfactory to all parties and moved through with reasonable facility.

The announcement by the minister that two new trade commissioners were being located in the United States brought the first opposition. Conservative speakers insisted that if the new tariff act of the United States became law, Canadian trade commissioners could bring more results almost anywhere else than stationed in that fruitful field for trade expansion.

"During the past five years," said Hon. R. B. Bennett, Conservative leader, "we have every evidence that when Canadian manufactured goods have found a market in the United States, that market has been closed to them by the United States tariff, either by changing the classification or by a presidential proclamation under their elastic tariff provisions. That their elastic tariff provisions. That was the intention of the tariff act of the United States. It was put there for that purpose. Therefore let us devote our time and energy to other markets."

He endorsed a preceding speech by Alfred Speckman (U.P.A.), Red Deer, that greater efforts be made in South America. The people of South America would, other things being equal, rather trade with Canada than with any other country. Mr. Bennett also urged that more time and effort should be expended to cultivate home markets and part of the trade with Canadian companies which annually made necessary the importation of \$1,500,000,000 worth of foreign goods.

The United States, he said, was not going to allow Canada to invade its markets. Canada should keep her own markets free from foreign competition.

Western Canada Air Mail

Negotiations With Various Airway Companies Still Proceeding

Ottawa, Ont.—Negotiations between the post office department and the various airway companies of Western Canada in regard to the awarding of a contract for the carrying of mail from Winnipeg to Calgary and Edmonton and intermediate cities are still proceeding, but it is considered most improbable here that action will be taken until after the close of Parliament.

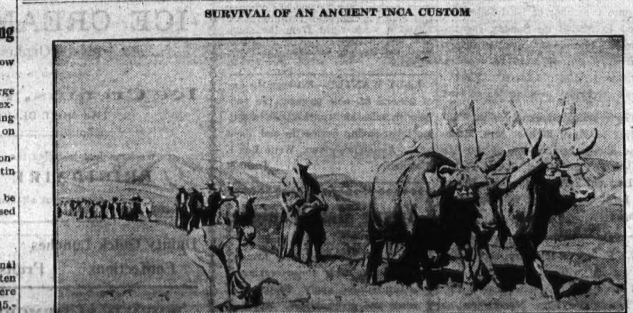

Officials of the department said recently that the problem presented by the desire of several companies to share in the contract appeared no nearer a solution than several weeks ago.

Receives Appointment

Dr. Alt, Of Saskatchewan University, Accepts Post In England

Saskatoon.—Dr. Thomas Alt, professor of physics at the University of Saskatchewan for the past four years, will leave for England at the end of June. He has received the appointment of senior physicist to the Imperial Chemical Industries.

This organization, which is under the presidency of Lord Melchett, is an amalgamation of the chemical industries of Great Britain. They have recently built a large research laboratory in Cheshire, where they will carry on research in pure and applied science. Dr. Alt will be in charge of the physics research.

Ceremonial planting at La Pita, Peru, in which the whole community joins in prayer for a bountiful harvest. The photograph is of a painting by J. E. Sampson, O.S.A., a Canadian artist.

ALBERTA INSTITUTE OF CO-OPERATION**LETHBRIDGE OLDS VERMILION****June 24th - 29th, 1929**

Arrangements have been completed for the holding of three separate Institutes of Co-operation in the Province, similar to the one which proved so successful in Edmonton last year.

The meetings will be addressed by speakers who are outstanding authorities on various phases of co-operation in many parts of the Continent, and special attention will be paid to the problems in co-operation affecting Alberta farmers. The co-operative marketing of wheat, livestock, dairy products, and poultry and eggs, and the consumers' co-operative movement will be considered and discussed.

Special arrangements are being made for the junior section of the Institutes, and for instruction and entertainment of the young people who will attend.

Plan to attend the Institute nearest your home, and in order to ensure accommodation, communicate at an early date with the registrar—

M. L. FRENG, District Agriculturist, LETHBRIDGE, Alta.

F. S. GRISDALE, Principal, School of Agriculture, OLDS, Alta.

W. J. ELLIOTT, Principal, School of Agriculture, VERMILION, Alta.

SUCCESSFUL PUPILS**OF MISS CHARDON**

The following piano pupils of Miss Madeleine Chardon were successful in the recent examinations:

Primary Division—Lorraine Olivier.

Elementary Division—Lorna Hales (hon. mention), Wilma Wheatcroft,

Margaret Murray, Marjorie McPhail.

Higher Division—Doreen Jackson (hon. mention).

Intermediate—Dorothy Olivier.

Rudiments of Theory—Dorothy Oliver.

Rev. Father Cosman, formerly of

Blairmore, now parish priest at Drumheller, St. Anthony's, was a motor visitor to Blairmore on Sunday and Monday. He returned north via the Banff-Windermere trail, leaving here Monday afternoon.

A local lad got to believe that in the hereafter his soul would suffer in hell fire, so he approached Capt. W. A. Beebe to insure his soul as a fire risk.

A Calgary woman was fined \$25 and costs for kicking a police officer. Evidently policemen cannot be treated like husbands.

Local and General Items

Lethbridge mill rate for 1929 is 45.87.

Often the "happy couple" is the bride's parents.

D. G. Mackenzie, of Calgary, was a business visitor here the early part of the week.

Miss Johnson, of Cranbrook, is a holiday guest with the Misses Paasmore this week.

A Calgary ad reads: "A lady wishes to dispose of her clothing." Query—Is she a lady?

Mr. Robert Gray left for Saskatoon by Tuesday's local, where he attends an important convention.

Miss Agnes Marquis, of Pincher Creek, was a visitor Tuesday with her sisters, Mrs. Kelly and Mrs. Morgan.

Thank goodness—The Lethbridge Herald has adopted the simpler-spelling habit and has renamed Mr. Blennerhassett "Hasatt."

J. A. Smith, inspector of high schools, underwent a critical operation at Calgary last week, and is reported progressing favorably.

Miss Fern Palmer, who has been attending college at Walla Walla, Washington, returned home Wednesday morning. — Claresholm Local Press.

Rev. H. Laurence Nobbs, former rector of Blairmore and later of St. Magloire's, Drumheller, is now curate of All Saints, Twickenham, England.

The Jasper highway to Edmonton is now open to motor traffic, and members of the Edmonton Auto Club recently boosted the trail by making the round trip.

W. H. Chappell represented the local lodge at the Masonic Grand Lodge convention at Lethbridge this week. Mr. G. E. Cruickshank, past grandmaster, of Hillcrest, was also in attendance.

It was estimated that around ten thousand persons attended the A. G. Barnes' circus here on Tuesday and that the automobiles in town that day represented an outlay of about one million dollars.

Last week we referred to Count Val Rinaldi investing in an automobile. Val's first experience at motoring was over the trail to the cemetery—and really it's a move in the right direction.

The Bassano Mail remarks: It has been suggested that one way to stop those Chicago killings is to supply the gunmen with blank cartridges. Then they could have all the fun they like without any of the danger.

Quite a number of local folks motored to Michel on Sunday for the baseball tournament and witnessed Blairmore win by a 17 to 7 score. Blairmore also defeated Pincher Creek on Friday evening ten to two.

The marriage took place at Vancouver on April 25th of Mrs. Madeleine Shoebottom, widow of the late Major T. Shoebottom, R.C.M. Police, of Dawson, Y.T., to Mr. G. E. Dixon, of Lethbridge. They will reside in Vancouver.

F. Lobb, former detective with the R.C.M.P. in this territory, accompanied by his wife, were visitors here last week end. They were motoring to Lethbridge from Vancouver, at which latter point Mr. Lobb is connected with a brewing company.

Remember the baseball league game here tomorrow evening at 6.15, Michel versus Blairmore.

Fifteen years ago last week, the Empress of Ireland was sunk in the St. Lawrence with a loss of nearly 1000 lives.

The fishing season opens in Alberta on Saturday next. As streams are still high, it is not likely that very many fishermen will be out.

FOR SALE—Lots 1 and 2 in Block 37, being S.W. corner, 160 yards north of bridge. Easy terms. Apply to T. Ede, house south of track.

The new Canadian Pacific hotel, the Royal York, was officially opened at Toronto on Tuesday morning. The Royal York is the biggest hotel in the British Empire.

WANTED—Information that will lead to the discovery of anyone who voted against the swimming pool proposition recently, attempting by any ways or means to take a bath.

A Blairmore, who originated in some part of the world away from Scotland, sent us a picture of several bottles of liquor from a coast city. To make matters more Scotch, we had to pay two cents postage to receive the card. Next!
